Admixture Certification of Compliance

Re: Eucon MR

To Whom It May Concern:

The Euclid Chemical Company hereby certifies that its liquid admixture, Eucon MR, is a water-reducing and plasticizing admixture for concrete and meets or exceeds the requirements of ASTM C-494, Types A and F, as well as AASHTO M-194. Furthermore, it is certified that Eucon MR does not contain calcium chloride nor added chloride ions other than those normally present in water.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Crisman".
